Day Surgery August 2018 Update for South Australia MedicalDirector Bluechip

Dear MedicalDirector Bluechip Subscriber,

MedicalDirector is pleased to announce the release of the August 2018 update for MedicalDirector Bluechip Day Surgery.

MedicalDirector strongly recommends that you apply updates when they become available – this update is valid from July 2018.

Please contact MedicalDirector Customer Care on **1300 300 161** (option 2) to schedule an installation time for this update.

Included in this Update

- Ability to record patient's Next of Kin added via button in the Demographics tab of the Episodes form.
- Updated table of Victorian Hospitals used for transfers.
- ISAAC Extract in Format 755
- Update of the Postcode to SLA table to include new suburbs

Important Notes on Installing this Update

Please follow below instructions if you have completed the July 2018 update

Installation Procedure:

1. Make backups of everything.
2. Replace DSS Data.mde with the new version (7.02)
3. Start Day Surgery and Relink Episodes and Data

Please follow below instructions if you have not completed the July 2018 update

Installation Procedure:

1. Make backups of everything.
2. Replace DSS Data.mde with the new version (7.02)
3. Replace DSS.mdb with the new version (14.01)
4. Rename "DSS Episodes.mde" to "Old DSS Episodes.mde"
5. Copy the new version of DSS Episodes into the same folder as "Old DSS Episodes.mde"
6. Copy DSS Updater.mdb into the same folder as DSS Episodes.mde.
7. Run the Updater by double clicking the file.
8. Start Day Surgery and Relink Episodes and Data
