ePIP Shared Health Summary Calculator

As from May 2016 the new eligibility requirement is for general practices to contribute Shared Health Summaries to the My Health Record system for their patients. General practices will be required to upload Shared Health Summaries for a minimum of 0.5% of the practice's standardised whole patient equivalent (SWPE) to be eligible for the PIP eHealth Incentive payment.¹

To assist with this requirement, MedicalDirector has developed a new **ePIP Shared Health Summary Calculator** widget (and standalone application), available to the MedicalDirector Sidebar. The ePIP Shared Health Summary Calculator enables the practice to track compliance with the quarterly eHealth Practice Incentives Program (PIP) for Shared Health Summary uploads to My Health Record service.

For Practices with 3.16 (or earlier) Versions of MedicalDirector Clinical

Download the Standalone Application

1. [Download](#) the free 'ePIP Shared Health Summary Calculator' from MedicalDirector.
2. Copy the downloaded file 'ePIP_Shared_Health_Summary_Calculator.exe' to your Desktop.

3. Double click to launch the 'ePIP Shared Health Summary Calculator' application.

Practice ID: 50908 - MD Sidebar_Widget Testing - HCN QA. (Config: HCN Live Data on WN7-BASE\HCNSQL07)

This tool can be used to track compliance with the quarterly Practice Incentives Program for Shared Health Summary uploads to the My Health Record service.

	PIP Quarterly Period	SWPE ¹	SHS Min. Upload Target ²	SHS Practice Uploads
▶	Nov to Jan 31 2016	1000	5	0
	Feb to April 30 2016	1000	5	0
	May to July 31 2016	1000	5	0
	Aug to Oct 31 2016	1000	5	0

1. Use the Standard Whole Patient Equivalent (SWPE) count from the Practice Incentives Program (PIP) Quarterly Payment Advice letter provided by Department of Human Services (DHS).

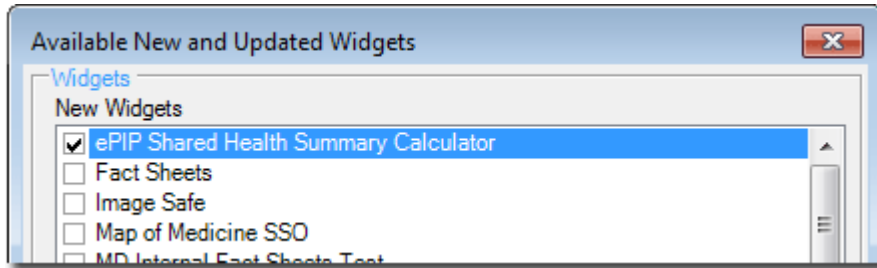

2. Shared Health Summary (SHS) minimum upload target = SWPE * 0.5%
 Note: For new practice or practice with SWPE < 1,000 the default SWPE count is 1,000.
